#### **ICD 10**

Physicians Health Plan (PHP) is working through ongoing preparations for the industry wide switch over to the ICD-10 coding system coming later this year. We will remain in compliance with the October 1, 2015 effective date, established by the Department of Health and Human Services (HHS).

Listed below are a few useful reminders that we would like to make our providers aware of.

## Helpful Tips:

- All claims submitted with dates of service 10/1/2015 and forward must include the ICD-10 coding.
- PHP will not translate ICD-9 codes to ICD-10 codes at any time.
- Claims cannot contain both ICD-9 and ICD-10 codes.
- Any claims submitted after the 10/1/2015 effective date that do not include the ICD-10 code sets will be rejected.

For resources and training on ICD-10, please visit the following links:

# www.cms.gov/icd10

## http://www.michigan.gov/5010ICD10

Please contact a PHP Provider Relations Coordinator at 517.364.8312 if you have any questions or need further assistance.

#### **Medication Disposal Locations**

Enclosed in this newsletter is a listing of local Law Enforcement and Pharmacy locations that are accepting unwanted medications for safe disposal. This service is open to the public and includes many locations throughout the Ingham County area. The Law Enforcement sites accept CONTROLLED SUBSTANCES ONLY; the Pharmacy sites DO NOT ACCEPT CONTROLLED SUBSTANCES, but will accept and dispose of all other medications. For additional details on proper medication disposal and other resources, please visit <a href="https://www.takebackmeds.org">www.takebackmeds.org</a>.

#### **Enclosures**

- Notification/Authorization Table <u>effective</u> 05/01/2015
- PHP Quality Improvement HEDIS Spotlight
- Medication Take-Back Locations

Please contact a Provider Relations
Coordinator if you have any questions about the details or
articles in this publication.

We welcome your comments and article ideas for future publications.

# Second Quarter 2015 Provider Connection

#### **Provider Satisfaction Survey Results**

Physicians Health Plan (PHP) would like to announce the results from the 2014 Physician and Practice Manager Satisfaction Survey conducted by The Myers Group (TMG), a National Committee for Quality Assurance Certified Survey Vendor.

PHP surveys its participating physicians and practice managers every year to gauge their opinions on our quality and efficiency. It is one of our most important tools we have to help us learn about how we can help our providers and office staff.

Results of the 2014 satisfaction survey reflected 92% of our network would recommend PHP to other physician practices, 89% would recommend PHP to their patients and 82% indicate an overall satisfaction with PHP.

While we are pleased with the results of the survey, PHP will continue to work on ways to decrease the administrative hurdles of the authorization process and will continue to communicate with you regular updates and changes as we work to streamline our processes.

As a way to thank our participants, PHP held a drawing from the list of offices that responded to our Provider Satisfaction Survey. The two offices that were drawn each received a new Apple iPad.

PHP knows it can, and will, improve by learning about your changing needs and how we can serve you better. Thank you for taking the time to respond to the satisfaction survey each year as we strive towards service excellence. We look forward to hearing from you in 2015!

### **PHP Provider Satisfaction Focus Groups**

Physicians Health Plan recently hosted our first round of Focus Groups in an effort to gather detailed feedback from providers within our PHP network. We received valuable information during these sessions and enjoyed hearing the comments from those who attended. Thank you to all offices that participated in these sessions; we truly enjoyed meeting with you!

Stay tuned for future announcements on upcoming topic-specific Focus Group sessions.

If you are interested in participating in one of our future groups, please contact a PHP Provider Relations Coordinator at 517.364.8312.

#### **Sparrow PHP Product Reminders**

## Sparrow PHP Healthy Michigan Plan (HMP)

Healthy Michigan Plan members are not responsible for payment of any applicable co-payments to providers at the time of service. Instead, members are notified by mail at a later date through their MI Health Account if a co-payment is due.

Members with questions regarding co-payments or contributions related to their MI Health Account, may call the Beneficiary Help Line at 1.800.642.3195 for assistance.

Sparrow PHP Customer Service Department is also available at 800.661.8299.

Additional information on services that require co-payments can also be found at: <a href="https://www.michigan.gov/healthymichiganplan">www.michigan.gov/healthymichiganplan</a>.

## Completion of a Health Risk Assessment (HRA) for the Healthy Michigan Plan (HMP)

#### Process for completion:

- Patient completes Sections 1- 3 prior to, or at the time of service.
- Primary Care Provider completes Section 4.
- Discuss chosen healthy behaviors with your patient and be sure you fill in any results needed for the selected healthy behaviors.
- Please complete the Primary Care Provider Attestation and sign the form; be sure to include your NPI number.

Return the completed HRA to Sparrow PHP by:

- PHP website: <a href="http://www.phpmichigan.com/Contact-PHP">http://www.phpmichigan.com/Contact-PHP</a> click the "Contact Us Form" link on the bottom of the page and attach the scanned HRA image
- Mail: Sparrow PHP, P.O. Box 30377, Lansing, MI 48909-7877, Attn: Quality Department
- Fax: 517.364.8408

#### Reimbursement for HRA Services:

Providers may submit CPT code **99420** for reimbursement of the completed HRA, along with the healthy visit CPT code for the services rendered.

Applicable HEDIS measurements are eligible for the Sparrow PHP Triple Aim Incentive Program (TAIP) bonus rewards.

#### www.phpmichigan.com

#### **Sparrow PHP Product Reminders**

Early Periodic Screening, Diagnosis and Treatment (EPSDT) Developmental Screening

Reminder- Development/behavioral assessments are required at each scheduled EPSDT Well Child visit from birth through adolescence as recommended by the American Academy of Pediatrics (AAP) periodicity schedule. A maximum of three objective standardized screenings may be performed in one day for the same beneficiary by a single provider.

Developmental screening uses an objective validated and standardized screening tool such as Ages and Stages Questionnaire (ASQ) or Parents' Evaluation of Developmental Status (PEDS).

Billing for Developmental Screening

- MI Medicaid will reimburse for up to 3 developmental screens per beneficiary, per provider, per day.
- Please bill the appropriate CPT code 96110 or 96111 based on the screening and services provided.

## **Transportation Assistance**

Sparrow PHP offers non-emergency transportation assistance to all Medicaid participants. This is available to Sparrow PHP, Children with Special Health Care Services (CSHCS), MiChild, and Healthy Michigan Plan (HMP) members. If your patients are having difficulty arriving to an appointment for covered services due to lack of transportation, please advise them of this resource.

Please contact Sparrow PHP Customer Service at 800.661.8299 for assistance with arranging transportation.

# PHP Quarterly Campaign Notifications

PHP's Medical Resource Management Department recently mailed quarterly Disease Management Program letters to identified members. If your patient has been identified as having a qualifying diagnosis, they received program letters and educational materials related to topics including Understanding Diabetes and Asthma, and appropriate Emergency Room utilization. Qualifying members are identified using information provided from claims that have been submitted with a corresponding encounter code.

If you would like to see a copy of this information please contact a PHP Provider Relations Coordinator at 517.364.8312.

PHP's Prescription Drug List for all products is available in electronic formats. All Prescription Drug Lists can be accessed at <a href="https://www.phpmichigan.com">www.phpmichigan.com</a> by clicking on *Providers* and then selecting *General Forms and Information*. Hardcopy lists are available upon request by contacting PHP's Customer Service at 1.800.832.9186.

To report any suspected fraud or abuse by either a PHP member or provider, please call 517.267.9990 and press 1 to reach PHP's Compliance Department.

Not otherwise classified, unspecified, unlisted, miscellaneous CPT or HCPCS services- services will be reviewed prior to claim payment and may be denied as cosmetic, investigational, experimental, unproven, or not medically necessary services.

- \* Non-emergent/urgent requests for benefit review are to be submitted >14 days in advance of the service or as soon as the service is determined to be appropriate by the practitioner. Urgent requests are requests for care or treatment for which a routine application of time periods for making the determination could seriously jeopardize the life or health of the member or the member's ability to regain maximum function or in the opinion of a practitioner would subject the member to severe pain that cannot be adequately managed without the care or treatment that is included in the request.
- \*\* Bariatric surgery candidates must participate in the case management program with PHP's approved designee for a case management evaluation and interventions.
- \*\*\* Notification must occur at least five (5) business days before surgery is scheduled to occur.
- \*\*\*\* N/A prior authorization is not required but the service may have a limited benefit, be covered at the non-network benefit level, not be a covered benefit. For inpatient mental health/substance use disorder services for Medicaid members contact Community Mental Health.
- # Medications that are reviewed and processed by the Pharmacy Department.

Services requiring prior authorization must be reviewed in advance of the service even if PHP is a secondary payor.

- Δ Weight management and surgical treatment of obesity is covered for PPO products ONLY with a rider and, if rider is purchased, prior authorization is required.
- Covered as a pharmacy benefit only with quantity limits

All Home Care Providers must bill claims for Medicaid/FamilyCare, Childrens Special Health Care Services (CSHCS) or MIChild CSHCS to Magellan/Michigan Department of Community Health (MDCH) for the services indicated. MDCH may have authorization requirements. You must contact Magellan at 1-877-864-9014. All other Providers must submit an authorization form to PHP for review. If the request is approved claims are billed to PHP. The PHP billing information is on the member's card.

 $\sqrt{\phantom{a}}$  Check member's identification card to determine who is to be notified of service.

R - Lansing Board of Water and Light: It is recommended the service be reviewed to determine medical necessity in advance of the service. If it is not clinically reviewed prior to the service medical necessity will be determined when the claim is received for processing.

# PHP's Quality Improvement HEDIS Spotlight

#### Measures that require more than one event to satisfy the numerator

#### What does this mean?

The following measures require multiple visits to be compliant and each visit must be at least 14 days apart:

- (CIS) Childhood Immunization Status.
- (HPV) Human Papillomavirus Vaccine for Female Adolescents.
- (W15) Well-Child Visits in the First 15 Months of Life (Medicaid only).

For example - Well child visits must be at least 14 days apart.

(CIS) Childhood Immunization Status

Goal: Vaccines administered by the child's 2nd birthday.

- Four diphtheria, tetanus and acellular pertussis (DTaP)
- Three polio (IPV)
- One measles, mumps and rubella (MMR)
- Three haemophilus influenza type B (HiB)
- Three hepatitis B (HepB)
- One chicken pox (VZV)
- Four pneumococcal conjugate (PCV)
- One hepatitis A (HepA)
- Two or three rotavirus (RV)
- Two influenza (flu) vaccines
   (See back for list of billing codes for this measure)

(HPV) Human Papillomavirus Vaccine for Female Adolescents

Goal: At least three HPV vaccinations with different dates of service on or between the member's 9th and 13th birthdays.

Codes: CPT 90649, 90650, 90651

(W15) Well-Child Visits in the First 15 Months of Life Goal: Children who turned 15 months old during the measurement year and who had at least six well-child visits prior to turning 15 months. The well-child visit must occur with a Primary Care Provider (PCP), but the PCP does not have to be the practitioner assigned to the child.

Codes: CPT: 99381-99385, 99391-99395, 99461 HCPCS: G0438, G0439 with diagnosis codes ICD9: V20.2 V20.31, V20.32, V70.0, V70.3, V70.5, V70.6, V70.8, V70.9

DTap	At least four DTaP vaccinations CPT 90698, 90700, 90721, 90723, with different
IDV	dates of service on or before the child's second birthday.
IPV	At least three IPV vaccinations CPT <b>90698</b> , <b>90713</b> , <b>90723</b> , with different dates of service on or before the child's second birthday.
MMR	Any of the following with a date of service on or before the child's second birthday meet criteria:  • At least one MMR vaccination CPT 90707, 90710; At least one measles and
	rubella vaccination <b>90708</b> <i>and</i> at least one mumps vaccination <b>90704</b> on the same date of service or on different dates of service.
	<ul> <li>At least one measles vaccination 90705 and at least one mumps vaccination 90704 and at least one rubella vaccination 90706 on the same date of service or on different dates of service.</li> </ul>
	<ul> <li>History of measles ICD9: 055.79, 055.8, 055.71, 055.9, 055.0, 055.2, 055.1, mumps 072.79, 072.8, 072.2, 072.71, 072.1, 072.0, 072.3, 072.72, 072.9 or rubella 056.71, 056.79, 056.8, 056.01, 056.09, 056.00, 056.9 illness.</li> </ul>
HiB	At least three HiB vaccinations CPT <b>90645</b> , <b>90646</b> , <b>90647</b> , <b>90648</b> , <b>90698</b> , <b>90721</b> , <b>90748</b> with different dates of service on or before the child's second birthday.
Hepatitis B	<ul> <li>Either of the following on or before the child's second birthday meet criteria:</li> <li>At least three hepatitis B vaccinations CPT 90723, 90740, 90744, 90748 or HCPCS G0010, with different dates of service.</li> <li>History of hepatitis illness ICD9; V02.61, 070.21, 070.20, 070.31, 070.30, 070.23, 070.22, 070.33, 070.32</li> </ul>
VZV	<ul> <li>Either of the following on or before the child's second birthday meet criteria:</li> <li>At least one VZV vaccination CPT 90710, 90716 with a date of service on or before the child's second birthday.</li> <li>History of varicella zoster (e.g., chicken pox) illness ICD9 053.11, 053.79, 053.8, 053.22, 053.21, 053.19, 053.10, 053.71, 053.0, 053.14, 053.9, 053.29,</li> </ul>
	053.20, 053.21, 053.12, 052.0, 052.2, 052.7, 052.8, 052.1, 052.9
Pneumococcal conjugate	At least four pneumococcal conjugate vaccinations CPT 90669, 90670 or HCPCS G0009 with different dates of service on or before the child's second birthday.
Hepatitis A	<ul> <li>Either of the following on or before the child's second birthday meet criteria:</li> <li>At least one hepatitis A vaccination CPT 90633 with a date of service on or before the child's second birthday.</li> <li>History of hepatitis A illness ICD9 070.1, 070.0</li> </ul>
Rotavirus	<ul> <li>Any of the following on or before the child's second birthday meet criteria:</li> <li>At least two doses of the two-dose rotavirus vaccine CPT 90681 on different dates of service.</li> <li>At least three doses of the three-dose rotavirus vaccine CPT 90680 on different dates of service.</li> <li>At least one dose of the two-dose rotavirus vaccine 90681 and at least two doses of the three-dose rotavirus vaccine 90680, all on different dates of</li> </ul>
Influenza	service.  At least two influenza vaccinations CPT 90655, 90657, 90661, 90662, 90673, 90685 or HCPCS G0008, with different dates of service on or before the child's second birthday.
